

TID-BIT #2

Did you know...

That not all Schedule 80 CPVC piping can carry hot water according to the Florida Building Code 2007 - Plumbing?

Do's

- Do use Schedule 80 CPVC - glued or flanged.
- Do use only 2-1/2" or smaller pipe.

Don'ts

- Don't use Schedule 40 CPVC for hot water.
- Don't use Schedule 80 CPVC with screwed connections.
